101 - Directive Hypnosis Training PROGRAM CONTENT

Weekend block classes:

Sept. 20,21,27,28, Oct. 4,5,18,19 Nov. 1,2, 2008 participants must attend all 10 classes.

Missouri Institute of Hypnotherapy is approved as a provider of continuing nursing education by the Kansas State Board of Nursing. This course offering is approved for contact hours applicable for RN, LPN, or LMHT relicensure. Kansas State Board of Nursing provider Number: **KSBN SP 1049-1009**

Many of the activities will be completed between the weekend class times.
You will complete all activities by the last day of class.

The following is a summary of expectation of activities for the 10 day activities

Day 1 & 2 of the training program will have a mix of people in the class. There will be participants that will just be in attendance for day 1 & 2 and are learning general information about hypnosis and self hypnosis. There will also be participants in Day 1, 2, 3, & 4 who will be attending the 4 days to become certified as guided imagery coaches. The last 6 days of the program will be attended by people desiring to become professional certified hypnotist. The first 4 days of the 10 day program will be of great benefit to the hypnotist student because they will learn introductory information and how to do and teach self hypnosis to the public. The guided imagery coaching level is where all directive hypnotists begin and most people do not advance onto the other sub-modalities of hypnosis. Day 5-8 days of the program will focus on sub-modalities of directive hypnosis. The focus for days 5-8 will be pre-talk, inductions, intervention, post-talk, topic that are specific to the hypnotist skill and knowledge. Practicum time will be provided for hands on with students practicing on each other. On the 9th day the participants will demonstrate a full sessions with volunteers from the community. The volunteers will be from focus groups on weight and stop smoking. The instructor will supervise the volunteer sessions and this is the practicum pass/fail section of the final examination. Day 10 will involve information on ethics of the hypnotist, documentation, and the operation of a business and developing of a business planning. Many good hypnotists go out of business because they do not know how to manage a business. On day 10 a 100 point written, multiple choice and true, false examination will be give. To finish the 10th date the students that have successfully completed the training will receive certification paperwork. The following is a list of the highlight topics that will be covered through out the 10 days.

History of Hypnosis	Definition of Hypnosis	How to Recognize Hypnosis
Self Hypnosis	Effective use of guided imagery	Induction Techniques
Arousal Techniques	Danger of Hypnosis	Athletic Hypnosis

About your instructor

Linda Gentry RN, BS, CHt.

Linda Gentry has been a Registered Nurse since 1978; she also has a degree in Psychology from Central Missouri State University (CMSU). Linda is an Advanced Clinical and Medical Hypnotherapist and a Certified Hypnotherapy Instructor. Linda's training in hypnotherapy is by the nations renowned leaders in the field, Dr. Brian Weiss, Dr. Irene Hickman, Dr. Wil. Horton, Father Marty Patton, Henry Leo Bolduc, Julie Griffin, Steven Steiner, Gerald Kein to name a few. Linda will share the information obtained from these experts and her own acquired knowledge in private practice and teaching hypnotherapy since 1996.

Linda Gentry is a certified hypnotherapy instructor with the International Association of Counselors and Therapist (IACT) and the American Board of Hypnotherapy (ABH). Linda is the founder of the Missouri Institute of Hypnotherapy (MIH) and has a private practice in Warrensburg, MO. Linda is a certified hypnotherapist with IACT, ABH and the National Guild of Hypnotist (NGH) and National Federation of Neuro Linguistic Psychology (NFNLP), America Hypnosis Association (AHA) Linda Gentry is the founder of MIH and has a private practice in Warrensburg, MO.

Linda Gentry provides a comprehensive training program. After successful completion of this program, the participants will be ready to function as a non medical hypnotist. Many programs serve as nothing more than introductions to hypnosis and many students never develop professionally. Lack of information and time to develop skills prevents the student from having the tools and confidence to develop to their full potential. The "101" Directive Non-Medical Hypnosis Training is a total of 260 hours. 100 clock hours of classroom experience which contains a minimum of 30 hrs of hands on practice time and 160 hours of independent study. Upon successful completion of the 260 hours of training in Directive Hypnosis the participant is certified by MIH and IACT. The support from Linda Gentry continues after completion of the training program. MIH provides CEU'S and advanced clinical and medical hypnotist training programs in specialty areas of the participant's choice. For more information regarding Advance Training Programs go to the website, www.hypnosismo.com and then to the calendar page.
